HELPMORE

THE MULTIPLIER EFFECT

CELEBRATING ONE YEAR

SEPTEMBER 2026

SUPER CHARGING GRASSROOTS NGO'S

WWW.HELPMORECHARITY.COM

*"I am extremely proud of what the Helpmore team has achieved over the past year. Our mantra is **Maximum Impact, Now**. We believe impact goes beyond simply funding a project. By supporting charities, we also create opportunities within the communities around them. From hiring local tradespeople and buying materials locally, to working with centres for people with disabilities and sharing equipment and skills between sports clubs, every project has the potential to reach further. This is The Multiplier Effect." - Sean Peche, Helpmore Founder*

THE MONTH IN REVIEW

Impact in Action

Rising Star: From Manenberg to the Junior Springboks

Meet Kaylin Heuvel, a trailblazing young rugby player who made history as Manenberg's first Junior Springbok. Representing South Africa at Under-20 level and scoring against the USA, Kaylin's journey reflects what is possible when young talent is given the support, mentorship and opportunity to thrive.

As one of six Junior Springbok girls developed through **Just Planting Seeds**, Kaylin represents a growing pathway for young athletes and the lasting impact of investing in grassroots sport.

Beneficiaries served monthly

54 jobs created
Permanent Employment
Full time & stipends

More Change to Come

WHERE THE WORK HAPPENED

Progress Across Charities

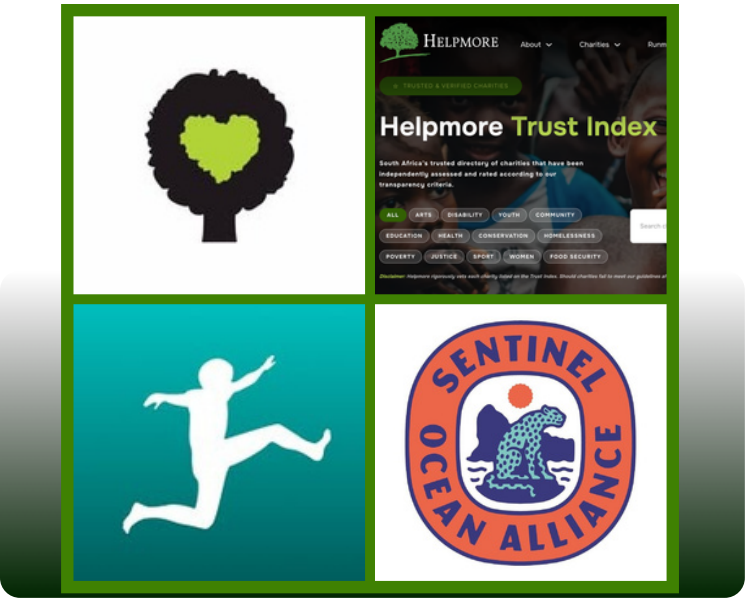
THE HAVEN NIGHT SHELTER

Life-saver Training Course

Through a joint initiative between **The Haven Night Shelter** and **Lifesaving South Africa**, nine trainees completed an intensive nine-month lifesaving programme. Now certified in open-water rescue, First Aid and pool safety, they are stepping into paid lifesaving roles across Cape Town's beaches and pools this summer.

For people who were previously unemployed, this means more than a job, it means income, dignity, purpose and a pathway to independence.

"I thought becoming a Lifeguard was about saving the lives of others, but I realise I'm also saving my own by doing this work." - Dominik* recent graduate



TRUST INDEX

Growing the Trust Index

We continue to expand our network of trusted organisations through the Trust Index, rebuilding trust in SA's charity sector charities and highlighting established and grassroots charities that are making a meaningful difference in their communities.

We're pleased to welcome new members **Greenpop, The Lunchbox Fund, SAYes Mentoring and Sentinel Ocean Alliance** to the Helpmore Trust Index.

By identifying and vetting credible organisations, the Trust Index helps connect support with where it can make the greatest impact, while giving donors greater confidence in the causes they support.

COMMUNITY UPLIFTMENT

Rugby balls donated

Helpmore was proud to support the return of rugby to Ocean View by providing rugby balls and boots to young players at Kleinberg Primary School. In partnership with local coach Ethan Levendall, this contribution is helping create opportunities for children to participate, build confidence and develop valuable teamwork skills through sport.

"We are so grateful to Helpmore, amazing how such a simple contribution can make such a big difference to our learners. The players were truly overjoyed to learn they would once again have the opportunity to play rugby at their school ."

Coach, Ethan Levendall

WHERE THE WORK HAPPENED

More than just a pair of shoes

RUNMORE WITH RANMORE

RUNMORE PROGRESS

Shoes to Lithemba

Lithemba, a talented 10yr old soccer player from Masiphumelele in Cape Town, was spotted by our CEO playing a match in just his socks, and so became the very first recipient of a pair of pre-loved football boots. Lithemba wants to play for Bafana-Bafana when he's big, and this is one small step towards that dream.

As part of the **Runmore with Ranmore** initiative, Lithemba is one of many young players benefitting from our growing effort to recycle unused sporting equipment into the hands of those who need it most.

PROJECT FOCUS

Thubalethu Boxing Academy

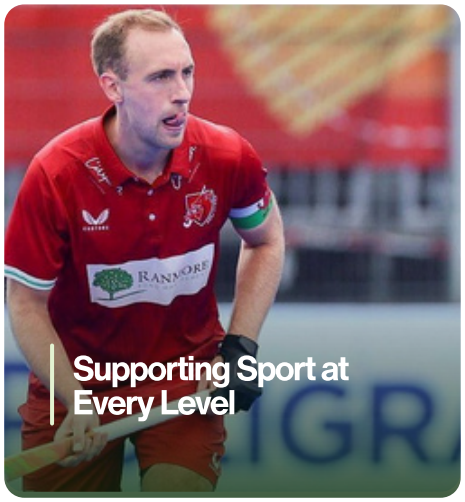
In March we were alerted to a remarkable man doing incredible work for the boxing community in SA. On a visit to Kwa Nobuhle township near Uitenhage, we met Mazizi, who has been training champion boxers for over 20 years in a dilapidated gym with next to no equipment, with no funding support.

We partnered with **Mantis Hotels** and **Nyosi Wildlife Reserve** to get him the backing he needs, and have since completely renovated the gym, bought proper kit for 60 fighters, created salaries for the coaching team, built a website, and continue to support this awesome project in various ways. Maziz has a big dream to take SA boxers to the next Olympics, and we are going to help him make this a reality.

SPONSORSHIPS

Sponsorship That Gives Back

This year **Helpmore** and **Ranmore Fund Management** sponsored fundraising events for **Rohan Bloom Foundation**, **CoolPlay** Gala Dinner, **MAD Leadership Foundation**, **Ithuba** Golf Day, **African Angels** Golf Day, **Haven** Golf Days, **Nedbank** Charity Golf Day and the **Swazi Schools Trust** Charity Golf Day in the UK, helping raise awareness and vital support for these charities and their communities.



SPONSORSHIPS

RANMORE

Ranmore Fund Management continues to invest in elite sporting teams and players.

They are currently sponsors of UK-based Surbiton Hockey Club, adaptive golfer **Issa Nlareb** and most recentlty they were **title sponsor for the Wales Senior Men's Hockey Team** who competed at the recent **World Cup**.

NEW MEDIA

Sharing the stoke

In the West-African island nation of Sao Tome, there is a long history of riding waves on planks of wood. Over time travelling surfers left old surfboards and the locals developed their skills further, but with a total lack of surf shops on the island growth was impossible. Together with our Cape Town surf project Local Surf Lounge Academy, 66 surfboards were repaired and donated, together with leashes and fins, and the shipment reached the island on Christmas Day.

This initiative is solves a problem of recycling old surfboards instead of letting them go to a landfill, plus bringing joy to many children in an area unknown to most of the world.
